

## **Knotweed Control Contractors and Consultants in Devon**

**The following list provides details of knotweed contractors and consultants operating in Devon. They offer specialist knotweed control services; however, other weed control contractors can be located through trade or business directories.**

Reputable contractors should be Amenity Assured, BACCS registered and have warranty backed insurance. The Amenity Assured scheme involves three totally independent and separate audits being carried out annually on each contractor, including an unannounced on-site assessment, a full audit of a contractor's premises, records and certification and an end-of-season check with clients to ensure treatments have been successfully completed. Before employing contractors from this list, they should be contacted to ensure that they meet these criteria.

## **C. Containment of, and the protection of buildings from, Japanese knotweed**

### **Peter Scott Tree Care**

Hamil House  
Hamil Road  
Burslem  
Stoke-on-Trent  
Staffordshire  
U.K.  
ST6 1AQ

Tel: 01782 825101

Fax: 01782 825303

<http://www.rootbarrier.com>

E-mail: [sales@rootbarrier.com](mailto:sales@rootbarrier.com)

Peter Scott Tree Care are the UK consultants offering a nationwide service advising on the application and installation of the Dendro Scott Barrier to protect buildings, roads and other structures from the roots of invasive plant species such as Japanese knotweed. Peter Scott is the inventor of the 'cell' method of control for Japanese knotweed which allows the plant to be contained on site rather than the expensive option of removal to landfill or similar.
